

ONE-TIME CLEANUP

One visit. Whole yard. Gone.

No plan, no subscription, no talking anybody into anything. We come once, we clear all of it, and you decide later whether you ever want to see us again.

\$100

Flat. Any condition.

Standard residential lot up to 1/3 acre. We quote before we start, so the number you hear is the number you pay.

WHEN PEOPLE CALL US FOR THIS

Usually one of these five.

The spring thaw

Snow goes, winter reappears all at once. The worst one of the year and the one we do most.

Company on Saturday

Party, graduation, the in-laws. Call us Thursday and the yard is not a problem by Friday.

Selling the house

Photos on Monday, showings all week. Buyers notice, and agents notice harder.

Also: a busy stretch, a new baby, a long illness, or a house you just bought where the last owner's dog left a deposit. It happens to everybody, and we are not going to say anything about it.

What you get

- Every corner walked, not just the open lawn
- Beds, fence lines and under the deck
- All of it hauled away, not left in your bin
- Gate latched behind us
- A text when it is finished

What you do not get

- A contract to sign
- A card kept on file
- A sales call next week
- A lecture about how bad it was
- An invoice bigger than the quote

Book it for this week.

Call or text with your address and how many dogs. Most one-time cleanups get scheduled within a few days.
