

YOUR NEIGHBOURHOOD

We are already on your street.

This is not a cold card. Somebody near you is on our route, which is the only reason we can quote your yard at this price.

Same street, same day, same truck

Density is the whole business.

The expensive part of this work is the driving, not the scooping. A yard on a street we already run costs us a few extra minutes. The same yard across town costs us half an hour of road.

That is why the rate here is what it is. We are not discounting to win you — you are genuinely cheaper to serve.

A fixed day

The same weekday every week, because that is how the route is built. No windows, no waiting in.

Neighbours get \$20

Refer someone on your street and you both get \$20 off. It makes our route tighter, so we pay for it.

636-681-4832

maxspoocrew.com

Plans from \$65 a month. Usually on the run inside a week.

First cleanup free with any plan
