

Three ways to deal with it.

One of them is free and you already know how that is going. Here is the whole picture, including the parts that do not flatter us.

	DO IT YOURSELF	ASK A NEIGHBOUR'S KID	MAX'S POO CREW
Cost	\$0	\$10–20 a time	\$65–90 a month
Actually happens on schedule	—	—	Yes
Beds, fence lines, under the deck	Rarely	—	Every visit
Waste leaves the property	Your bin	Your bin	Hauled away
Works when you are away	—	Sometimes	Yes
Handles the March backlog	In theory	—	Free first visit
Insured, and knows dogs	—	—	Yes

When you should not hire us

One small dog, a small yard, and a habit of going out every couple of days already — you do not need this and we will tell you so on the phone.

When people are glad they did

Two or more dogs, a full week of work, a yard the kids use, or a stretch where life got busy and it got away. That is most of our route.

TWICE WEEKLY
