

NEW HOUSE

Somebody else's dog left you a yard.

You bought the house. You did not buy what is behind the shed. It is not yours to clean, but it is your yard now — and it is week one of about four hundred things.

One visit, \$100, and it is off the list.

Or free with any plan · St. Louis & St. Charles County

TWO WAYS PEOPLE USE US ON A MOVE

Clear it once, or never think about it again.

Moving in

Before the furniture, before the kids and the dog are let loose out there. One visit, whole yard, hauled away.

Moving out

Photos on Monday and showings all week. Buyers notice a yard, and their agents notice harder.

Rental turnover

Between tenants, on the same visit as the rest of the make-ready. Invoice goes to whoever you tell us.

First dog in the house

New puppy, new routine, and one chore you can decide never to start doing at all.

IF YOU JUST WANT IT GONE ONCE

\$100 flat.

Any yard, any condition, no plan required and no card kept on file. We quote before we start, so the number you hear is the number you pay, and there is no call from us next week.

IF YOU WOULD RATHER IT STAYED GONE

From \$65 a month.

Weekly is \$80 for one dog and is what most of the street is on. Start any plan and that first big cleanup is free instead of \$100 — which is usually the cheaper way to do this.

Welcome to the neighbourhood.

We are probably already on your street. Tell us the address and how many dogs and you will usually be on the run inside a week.

636-681-4832

Prices are for standard residential lots up to 1/3 acre inside our service area. A yard that has gone several seasons may need a custom quote — we tell you before we start, not after. Mon–Sat, 7am–6pm.
