

AN HONEST COMPARISON

Three ways to deal with it.

One is free and you already know how that is going.

Do it yourself

\$0

Costs nothing and happens when it has got bad enough to notice. The beds and the fence line rarely get walked, and it stays in your own bin.

A neighbour's kid

\$10-20

Cheap and occasionally reliable. Open lawn only, nothing hauled away, and it stops the week they get a real job.

Max's Poo Crew

\$65-90/mo

Same day every week whether anyone reminds us or not. Beds, fence lines and under the deck. Hauled off your property. Gate latched. First cleanup free.

WHEN YOU SHOULD NOT HIRE US

- One small dog and a small yard
- You already go out every couple of days

We will tell you so on the phone rather than sell you something you do not need.
