

NEW HOUSE

New house. Old problem.

You did not buy what is behind the shed. Not yours to clean, but it is your yard now — in week one of about four hundred things.

One visit, \$100, off the list

Moving in

Before the furniture, and before the kids and the dog are let loose out there. One visit, whole yard, hauled away.

Moving out

Photos on Monday and showings all week. Buyers notice a yard, and their agents notice harder.

Rental turnover

Between tenants, on the same visit as the rest of the make-ready. Invoice goes wherever you tell us.

TWO WAYS TO DO IT

- One-time cleanup — \$100 flat, no plan, no card on file
- Any plan from \$65 a month — and that first big one is free instead
