

Max's Poo Crew

COMMERCIAL & HOA · ST. LOUIS & ST. CHARLES COUNTY

WHAT WE COVER

Greens, runs & walkways

Walked on a set schedule and cleared — including the parts a prospective resident sees on the tour.

Pet waste stations

Bags restocked, bins emptied, surround kept clean. A station that needs replacing gets flagged.

On a schedule you set

Twice weekly on dense communities down to monthly. Same crew, so they learn the property.

HOW IT IS PRICED

By the property, not a list

Area actually walked, visit frequency, and how many pet stations there are. The walkthrough is free and the quote is written.

WHAT YOU GET BACK

- ✓ **One invoice, one contact.** Monthly, itemised, with the visit log attached.
- ✓ **A dated visit log** you can forward, so “when were they last here” has an answer.
- ✓ Everything **hauled off site** — not into your dumpster, where it becomes your smell.
- ✓ **Fewer complaints** to answer, which is the cost nobody puts in the budget.
- ✓ **Turf you are not reseeding.** Concentrated waste burns grass, and landscaping comes out of the same budget.
- ✓ **Insured and background-checked** crew, with certificates before the first visit.

Max & Simon

The yard-care arm of Max's K9 Club. The crew is around dogs every day.
