

WHO IS IN YOUR YARD

Run by dog people.

We are the team behind Max's K9 Club in Chesterfield — training, boarding and daycare. This is not a side hustle somebody started with a bucket.

WHY IT MATTERS

The gate is the whole job.

Anybody can pick up a yard. The part that actually matters is that a stranger is opening the gate to a space your dog lives in, sometimes while you are at work, sometimes while the dog is out there.

We board and train dogs for a living. We know what happens if a latch does not catch, and we check it every single time.

WHAT YOU GET

The same crew, week after week.

Not a rotating list of contractors. The same people, on the same day, who will know your dog's name and which corner it favours.

And if your dog is out when we arrive, that is fine. Handling dogs we have not met is the part of this we were already good at before we started scooping.

EVERY VISIT, WITHOUT BEING ASKED

- Gate checked and latched behind us
- Waste hauled off your property
- A text the moment we are done
- Beds, fence lines and under the deck

Plans from \$65 a month.

First cleanup free with any plan. Month to month, cancel anytime, and you can come meet us at the K9 Club first if you would rather.
